Teacher, Administrator, Ph.D.!

Millwood School is pleased to announce that Mrs. Eileen Atkinson is now officially Dr. Eileen Atkinson. After several years of diligent study and research, Eileen graduated on May 22, 2010 with her Ph.D. in Educational Leadership from VCU's School of Education.

Dr. Atkinson holds an undergraduate degree from Mary Washington University and a masters degree from VCU. She teaches science to middle and upper school students, and is the head of Millwood's middle and upper schools. She has been a Millwood faculty member for 11 years, and resides with her family in Midlothian.

Asked why she pursued this rigorous challenge, Dr. Atkinson said, "I believe in the value and importance of education, and I want to be well-prepared to serve Millwood students, families, and faculty to the best of my ability."
