

## Millwood School

### New Student Referral Program for Current Millwood Families

**Program Description:** Current Millwood Families may be eligible to receive a \$500 tuition rebate for each student that they refer to Millwood. Certain eligibility requirements must be met. This is a one-time rebate to be awarded only during the first year of the referred student's enrollment. Referral rebates are limited to the amount of tuition that is paid by the referring family in the year of the new student's initial enrollment.

**Purpose:** The program is intended to reward our existing families for reaching out and encouraging new families to consider Millwood School. Our current families, who believe in and support Millwood School, are among our strongest marketing assets.

#### Eligibility Requirements:

1. The student AND family that are being referred must both be new to Millwood School.
2. The referring party must be named on the signed contract of the new student(s).
3. The new family must pay all applicable tuition and fees in full, as agreed to on their signed and submitted contract, prior to disbursement of the rebate.
4. Referral awards are limited to the amount of tuition that is paid by the referring party during the same school year that the new student(s) is (are) initially enrolled (i.e. no cash rebates will be awarded in excess of the amount of tuition paid by the referring party during the same school year that applies to the referral).
5. Any outstanding amounts due to Millwood School by the referring party will be deducted from the rebate prior to disbursing remaining funds (if any) to the referring party.

**Additional Information:** Millwood School's website is an excellent source of additional information for interested families. Marketing materials, including View Books and DVDs are available at the school. If you require materials, have admissions related questions, or need to provide a contact at the school, please contact:
