

Round Square Ideals

The Round Square IDEALS provide a common platform, shared by all schools in our network, around which we can collaborate, swap and share learning resources and participate together in joint activities such as conferences, exchanges and academic projects.

Internationalism

Our students discover and embrace similarities and differences between countries and cultures, promoting lasting transnational understanding and respect.

Democracy

Our students develop a personal compass for equality, fairness, justice, self-discipline, responsibility and a desire to do what is right for the greater good.

Environmentalism

Our students broaden their horizons to understand mankind's place in the universe, the forces that shape our surroundings and the impact we have.

Be seen. Be heard. Be inspired.

Adventure

Our students push themselves beyond perceived limits, cross boundaries and discover that they are capable of more than they thought possible.

Leadership

Our students recognize that successful leaders are driven by a desire to be of service to others and to nurture, guide, develop and help them to improve and succeed.

Service

Our students are ready and willing to volunteer and be involved where we are needed, applying and developing our skills and understanding in support of individuals and communities both close to home and further afield.

At Millwood School, we don't simply provide knowledge. We inspire it. We are a Junior Kindergarten - Grade 12, college preparatory, co-ed independent day school.
