Summer Reading List 2019: Rising Third Grade

Summer is a great time for students to find an amazing new book to capture their attention and imagination. They can start a new series that they always wanted to check out, dive into the latest award winners, or pick up a classic that their parents read as a child. This year's recommended summer reading list includes a variety of book series, authors, and specific titles, so everyone is sure to find something to enjoy during summer break.

As an added bonus, there is a chance to win free books and other prizes! Each book in this year's summer reading challenge has a point value, and students can earn one entry into the contest for every 10 points. (Example: 24 points = 2 chances to win) Students can read from their own grade's list or from a higher grade level, but they can not earn points for reading books from lower grades. Each student is responsible for keeping track of the titles they read from the list and total points. If you have any questions about the reading challenge, please email our librarian, Rachel Legacy, at rlegacy@millwoodschool.org.

Environmentalism and Conservation Required Reading: 10 points

The Wild Robot by Peter Brown. Through this illustrated novel comes a heartwarming and action-packed tale about what happens when nature and technology collide. When robot Roz opens her eyes for the first time, she discovers that she is all alone on a remote, wild island. She realizes that her only hope for survival is to adapt to her surroundings and learn from the island's unwelcoming animal inhabitants.

2 points each:
