

MILLWOOD SCHOOL

Middle & Upper School Summer 2020 Reading Requirements

What in the World Are You Reading?

Millwood School understands the benefits of reading in all courses. In 2019, the science department selected the summer reading books. This year, the social studies department is taking you on a literary journey around the world.

Mrs. Gladue and Mr. DelGregg have selected the country or continent they want you to visit via a book of your choice. The book should be age appropriate, and it may be any genre--fiction, nonfiction, graphic novel.

Over the summer, you will read your book. When school begins, your teachers will give you the next part of the assignment, which will be due Monday, September 21.
